RESPECT

It's important to show respect to everything and everyone around you. That can be people (whether they're close to you or strangers), animals, plants or the land. When you show respect, you're likely to get respect in return.

LOVE

There is strength in love.
Show it often and express
it freely. Do something
helpful or nice for those
you care about. Honour
them and let them know
what they mean to you.

HONESTY

Tell the truth and be honest with yourself and others. Being honest is the right thing to do, it takes strength and bravery, but it will always be better for yourself and those around you.
